General Business:

Not to make everyone feel uncomfortable but our attendance levels have been extremely low. We know (It happens to all of us. I will be on vacation in June.) that life and business can present scheduling challenges. However out of respect to our speakers in the future could everyone please make an effort to attend our monthly meetings; whenever possible? If you cannot make it could you *please* let Jean or I know a couple of days in advance so that if our group turnout is very low (which it has been lately) that we can excuse the speakers from coming. Thanks in advance.

**We are in need of a Secretary. Anne Marie has stepped down due to scheduling conflicts. If you are interested please give me a call.**
